Electronic mail message providing method, involves determining that user is authorized to receive less than all of electronic mail message based on digital rights associated with message , providing selected portion of message

...Inventor: SMITH N

Abstract (Basic):

... determining that a user is authorized to receive less than all of an electronic mail **message** based on digital rights such as copyright, associated with the **message** . A portion of the **message** a user is authorized to receive is selected. The selected portion of the electronic mail **message** is provided to the user based on a criteria such as data transfer rate and size of the **message** .
... comprised of a computer readable storage media has instructions to perform the portion of the **message** providing method...

...B) an electronic **message** providing apparatus comprised of an interface

...C) an electronic **message** providing system comprised of processors...

...Used for providing a portion of an electronic mail **message** based upon

digital right e.g. copyright, distribution right, broadcast right,
reproduction right, publication right...

...The selected portion of the electronic mail **message** is provided based
on a criteria such as a data transfer rate and a size...

**Issue management process for complex industrial system such as
aircraft, involves proposing corrective action for issue based on
comments provided in discussion board**

...Inventor: **TAYLOR B J**

Abstract (Basic):

... A safety **issue** and its associated **comment** are posted on a
discussion board (22) accessible by customers and an originating entity
that administers the **issue** . A proposed corrective action for the
issue developed based on posted **comments** , is reviewed by a
regulatory entity, to resolve the **issue** . The **issue** is closed when a
preset time lapses after implementation of corrective action.

... 1) **Issue** management system; and...

...2) Computer program product storing instructions for **issue** management
...

...For management of safety **issues** related to complex industrial systems
such as air craft, rail system, medical systems, weapon systems...

...Since the corrective actions are proposed for the **issue** by
manufacturers and consumers based on **comments** , the decision making
can be performed on dynamic real-time basis. By providing a discussion

board for **issue** discussion, the discussion can be monitored to ensure that the discussion is taking place and adequate opportunity for **comment** is provided. So the financial/resource impacts on the industry can be reduced and a...

...The figure shows the block diagram of the **issue** management system...

Detailed Description

Detailed Description

... or none interaction to other users who also access the same
information. Even users can **communicate** to each other through online
chat, instant messenger, these tools or services are segregated from the
main **web** sites where the users are browsing. Communication between
users is completely independent of users' browsing experience.

[73] While there are several approaches to integrate **chatting** into **web**
pages, no one can fully **resolve** the following problems. For example,
there is...when they are making the same activities. Some web sites

...are still forced to switch from one program to another or go change from
one **web** page to another while they are browsing and **chatting** at the
same time.

[74] This invention, which changes people's navigation paradigm, is
aiming at those inefficiencies in a way that try to **resolve** all those
problems. It gives user the ability to **communicate** with others
seamlessly when they are accessing information or -using software. For
example, interest matching...

...ABSTRACT: possible implementation as a part of the national air traffic control system. The problem of **conflict resolution** arising from this concept was considered as a multiparticipant optimal control problem. In the formulation of the problem, it was assumed that the **aim** of each **aircraft** in a potential **conflict** is the optimization of its performance together with simultaneous maintenance of adequate separation between other **aircraft** in the area.

(7th annual Islamic foreign mins conf ends on May 15, Istanbul, Turkey.
Delegates express support for Palestinians, Turkish Cypriots and variety
of insurgent groups from Philippines to southern Africa. Guinea delegate
Nabika Diallo says conf exemplified 'new-born conscience of the Islamic
world'. Delegates avoid question of Lebanon, where Moslem groups have been
engaged in civil war with Christians for more than 1 yr. Also fail to
make discernible progress in promoting further econ cooperation among
Moslem countries. Holding of conf in Istanbul indicates Turkey's growing
ties to Islamic world. Turkey announced that it plans full membership in
group, although it previously avoided such step on ground that Turkey is
secular state. Turkey has felt isolated by world opinion on Cyprus issue
and Islamic meeting represents counterattack against Greek side.
Resolution adopted by conf says Turkish Cypriots should have 'equality
in rights' with Greek Cypriotes and opportunity to be heard in all
internatl forums. Also says 2 communities should live 'side by side,'
an indirect endorsement of Turkish proposal for separate states for each
ethnic group. Turkish Cypriots apparently fail to be accepted as
permanent observers in conf, but on balance diplomats evaluate
resolution as propaganda victory for Turkish side. Middle East dominates
discussion, and communiqué says situation there is 'steadily
deteriorating' and could lead to 'extensive and bitter conflict'. Conf
affirms '75 resolution ca
